EXPLANATORY NOTE

A re-evaluation of the duties and responsibilities of each plantilla position was conducted by the Office of the City Accountant, in order to ensure alignment between the actual functions and its organizational nomenclature.

The position under Item No. 66 in the Internal Audit Division of the Office of the City Accountant is currently vacant and bears the title Chief Administrative Officer, which no longer accurately reflects the actual duties and responsibilities of the position.

The duties of the position are highly technical and accounting-related, involving the oversight of financial transactions, review of accounting documents for completeness and accuracy, and ensuring compliance with government accounting standards, rather than administrative in nature.

Section 76 and Section 325(d) of Republic Act No. 7160 otherwise known as the "Local Government Code of 1991", authorize local government units to design and implement their own organizational structure and staffing pattern, and provide that changes in positions in the career service shall be made in accordance with pertinent provisions of the Code and the Civil Service laws, rules, and regulations.

Reclassifying the position from Chief Administrative Officer to Chief Accountant will accurately represent the functions of the post, ensure better integration with the Office of the City Accountant's overall financial management mandate, enhance clarity in recruitment and qualification standards, and strengthen financial oversight services.

The proposed reclassification does not alter the Salary Grade, budget allocation, and funding source of the position, and will not result in any additional cost to the City Government.

The Human Resource Management and Development Office has interposed no objection to the proposed reclassification, and the request has been duly endorsed by the Office of the City Accountant and the Office of the Mayor for inclusion in the Executive Budget for Fiscal Year 2027.
